

Don't put off until tomorrow what you can do today!

THE EARLY BIRD CATCHES THE WORM!!

Don't lose Out

If you're not first you're LAST!

First there gets the best choice

Be ahead of the game...

Be at the front of the queue

All the old clichés are very true especially when it comes to your career. There are only so many vacancies available to you, particularly with the sought after firms, be they in Scotland, London or the Channel Islands.

If you are thinking of making a move upon qualification in 2020 you should start considering your options now.

We are already actively recruiting for corporate finance lawyers to join one of the leading offshore firms in their Jersey office in August, September or October 2020. They are viewing CVs now.

Last year we recruited across a variety of sectors, including employment, personal injury, construction & projects, commercial litigation, commercial contracts and corporate/ corporate finance.

If you would like to discuss the offshore opportunity or the timings and potential opportunities in the Scottish and London markets, please contact Lara Paterson on **0141 271 6011** or **07827 929 340** or at lara.paterson@ablyresources.com
